

CARAMELIZED APPLE TART

Tahitian Vanilla Sorbet, Sea Salt

ALLERGENS

EGGS / MILK / GLUTEN

POINTS OF NOTE

- Tahitian vanilla is unique among these hand-grown varieties, as it is a hybrid of two species, vanilla, and tahitensis. It has a thinner stem and oval-shaped leaves, and is dark green in colour. The aroma is floral with undertones of ripe fruit for a deep and rich taste of cherry chocolate, licorice, and caramel
- Braeburn apples have a sweet/tart flavour ideal for baking, grown in Kent
